Summary

Java Backend Developer with **3 years** of experience at TCS, progressing from an offshore contributor to an **onsite technical lead** for a major Banking and Insurance client in South Africa. Specialized in scalable Microservices, **Spring Security**, **Spring Boot**, database tuning, and **GenAI integration (Spring AI, AI Agents)**. Achieved a **70% API response time reduction** and **30% query throughput optimization** across enterprise core systems. Proven track record of utilizing AI-assisted developer tools (**GitHub Copilot**) to accelerate software delivery. Architected **OmniSaina** — an AI-powered distributed food aggregator with a full-stack React.js front end.

Technical Skills

Languages & Frameworks: Java (8/17/21), Spring Boot, Spring Security, Spring MVC, Spring Data JPA, Hibernate, Spring WebFlux, REST API, Multithreading, Data Structures, PL/SQL, Python, React.js, JavaScript, Tailwind CSS

AI & Architecture: Spring AI, AI Agents, GitHub Copilot, Prompt Engineering, Microservices, Event-Driven Architecture, Apache Kafka, gRPC, Protobuf, Spring Cloud, JWT, OAuth 2.0, Security Filters, RBAC

Databases & Caching: PostgreSQL, Oracle DB, Redis

DevOps & Tools: Docker, Docker Compose, Git, Jenkins, AWS, GCP, Eclipse, IntelliJ IDEA, VS Code, Antigravity AI, Postman, Swagger, JIRA, Agile/Scrum

Experience

Tata Consultancy Services

June 2023 – Present

System Engineer — Java Backend Developer (Onsite: Johannesburg, South Africa)

Kolkata, India

- Optimized **RESTful APIs** using **Java 8**, **Spring Boot**, and **JPA/Hibernate**, achieving a **70% reduction** in service response time across **5+ core insurance modules** and enhancing overall platform stability.
- Architected scalable **Spring Boot** components by applying OOP principles, design patterns (Factory, Builder, Singleton), and clean architecture, reducing code review cycles by **~40%**.
- Engineered **100+ Oracle PL/SQL** stored procedures and functions handling **50,000+ daily transactions** with strict data consistency in a regulated insurance environment.
- Built an **Oracle Database AI Agent** with structured schema, table, and relationship instructions; integrated **VS Code** and **GitHub Copilot** into development workflows to accelerate issue resolution and achieve a **30% query throughput optimization**.
- Led client-facing onsite deployment in **Johannesburg**, overseeing **4+ zero-downtime production releases** and reducing recurring defect rates by **~35%**.
- Recognized with **Star of the Month** for resolving a critical production outage affecting **5,000+ policyholders**, and the **Spot on the Team Award** for driving consecutive zero-downtime releases.

Projects

OmniSaina — Real-Time Multi-Vendor Food Aggregator & AI Engine — [GitHub](#)

Personal Project

- **Tech Stack:** Java 21, Spring Boot 3, Spring Security, Spring AI, Spring Cloud, Spring WebFlux, Apache Kafka, gRPC, Protobuf, Redis, PostgreSQL, React.js, Tailwind CSS, Antigravity AI, Docker.
- Engineered **Saina Bot** using **Spring AI**, delivering real-time, context-aware natural language answers for food queries and nutrition information.
- Implemented **Spring Security + JWT** authentication with stateless session management, custom security filter chains, and role-based access control (RBAC) across all microservice endpoints.
- Architected resilient microservices with **Spring Cloud Gateway + Eureka (99.9% availability)** and **WebFlux Scatter-Gather**, reducing response latency by **45%** compared to synchronous methods.
- Deployed **Apache Kafka** for asynchronous event streaming and **gRPC + Protobuf** for high-speed inter-service RPC (**30% serialization speedup**); configured hybrid storage with **PostgreSQL** and **Redis**.

Education

SRKR Engineering College

July 2019 – April 2023

B.Tech in Computer Science Engineering — CGPA: 8.72 / 10

Bhimavaram, Andhra Pradesh

Certifications and Awards

Certifications: GCP — Google Cloud Ready Facilitator (2023) | AWS Cloud Foundations (2023) | AWS Machine Learning (2023)

Honors & Awards: Star of the Month (TCS) | Spot on the Team Award (TCS)
